Great experience! The service was wonderful - our waitress was very attentive. The food was good too. I had the stuffed shells - yum! My father in law had the Philly and said it was better than most he's had. Husband had a slice of plain cheese pizza and gave it a 6/10.

I've been by it a ton of times and never assumed it was a sit-down restaurant or as pricy as it was, but I'll definitely be back.

Best NY Pizza Ever!

My husband and I moved here a few years ago and discovered Mark Rich's New York pizza! It is sooo good! The best NY pizza I have ever tasted!

Thank you, Mark, for bringing such delicious pizza to Las Vegas!

I have visited both of their locations and the pizza is just as delicious at both of them! If you like NY style pizza, I highly recommend a visit to Mark Rich's place!!

Great atmosphere! The staff is super nice too! First thing with the food is the sight if it. We all eat with our eyes first and Mark Rich delivers a feast for the eyes! The smell then only backs up what your eyes already know! The taste of the pizza is great, as is to be expected! I didn't believe Vegas had a good pizza place until now. Price can't be be beat, to boot!

The food was good! Chicken Marsala and fried mushrooms are a solid choice for a decent meal. They serve wine and beer of which I enjoyed a glass of their Blended Argentineian White Wine. The service was prompt and the manager came to our table and greeted us impressing upon us of that "Home town" feel. I will be back. :-)

This is the closet thing to a real east coast pizzeria in Las Vegas. Not one of those stuffy restaurants. Everything is great I love this place... Thanks iphone.

I love this place. It is way better than Metro in my opinion. The staff treats us so well. Delivery and pickup too!

Great ambiance, especially for locals... I usually order take out (every 2 weeks or so, I guess that counts for something?). The food is decent but \$2-3 overpriced (per entree) for a local joint given the quality, in my opinion. I've tried much of the menu and it's definitely nothing to write home about. Bottom line: I wouldn't bring out of town guests here, but as a local who just wants to pick up pizza/pasta on the way home, I eat here relatively often

Great food. Friendly staff. Excellent value. Kids love coming here. Pizza guys entertain them up at the bar. Favorites are bbq chicken, sicilian pizza, chicken parmesan, pasta christopher. Family favorite.
